The screenshot shows the Web of Science search page. At the top, there's a navigation bar with 'Clarivate' logo, 'Web of Science' title, and links for 'Search', 'Marked List', 'History', and 'Alerts'. On the right, there are links for 'English', 'Products', 'Sign In', and a 'Register' button. The main header area has a purple background with the text 'Discover multidisciplinary content from the world's most trusted global citation database.' Below this is a search bar with a dropdown menu set to 'Web of Science Core Collection'. Under the search bar are three tabs: 'DOCUMENTS', 'AUTHORS', and 'CITED REFERENCES'. The 'DOCUMENTS' tab is active. Below the tabs is a search input field with a dropdown menu showing 'All Fields'. To the right of the input field is a placeholder text 'Example: liver disease india singh'. Below the input field is a '+ ADD ROW' button and a link to 'Advanced Search'. To the right of the input field are 'X CLEAR' and 'SEARCH' buttons. Three purple lines with dots at the end point to specific elements: one points to the 'DOCUMENTS' tab, another points to the 'All Fields' dropdown menu, and a third points to the search input field.

Utilizați meniul drop-down pentru a selecta câmpul dvs. de căutare sau alegeți Toate câmpurile pentru a căuta orice câmp din înregistrarea Web of Science Core Collection. Faceți clic pe Adăugare rând pentru a căuta mai multe câmpuri

Profilul tău Web of Science

The image shows the Web of Science homepage. At the top, there's a navigation bar with 'Clarivate', 'English', and 'Products'. Below it, the 'Web of Science' logo is followed by links for 'Search', 'Marked List', 'History', and 'Alerts'. On the right, there are 'Sign In' and 'Register' buttons. The main banner says 'Discover multidisciplinary content from the world's most trusted global citation database.' A search overlay is centered, showing 'Search in: Web of Science Core Collection' with tabs for 'DOCUMENTS', 'AUTHORS', and 'CITED REFERENCES'. It includes a dropdown for 'All Fields', a search input with the example 'liver disease India singh', an 'ADD ROW' button, and an 'Advanced Search' link. At the bottom of the overlay are 'X CLEAR' and 'SEARCH' buttons. A 'Sign In' modal is open in the bottom right, featuring fields for 'Email Address' and 'Password', a 'Remember me on this computer' checkbox, and a 'Sign In' button.

1 Psychological comorbidity in gastrointestinal diseases: Update on the brain-gut-microbiome axis

Person H and Keefer J

Apr 20 2021 | Progress In Neuro-psychopharmacology & Biological Psychiatry

The high comorbidity of psychological disorders in both functional and organic gastrointestinal diseases suggests the intimate and complex link between the brain and the gut. Termed the brain-gut axis, this bidirectional communication between the central nervous system and enteric nervous system relies on immune, endocrine, neural, and metabol ... [show more](#)

2 Gut microbiota-derived vitamins - underrated powers of a multipotent ally in psychiatric health and disease

Rudzik J, Stone TW, Szulc A

Apr 20 2021 | Progress In Neuro-psychopharmacology & Biological Psychiatry

Despite the well-established roles of B-vitamins and their deficiencies in health and disease, there is growing evidence indicating a key role of those nutrients in functions of the central nervous system and in psychopathology. Clinical data indicate the substantial role of B-vitamins in various psychiatric disorders, including major depression, bipolar ... [show more](#)
